## MENEMSHA CONSTRUCTION

For 30 years, we have been providing premium national and regional general contracting services throughout the commercial construction industry. From corporate interiors to restaurants, banking, and even retail, our customers rely on Menemsha's consistent quality and competitive pricing.

Understanding the importance of our client's project completion or opening dates, we safely maintain very aggressive management expectations. Our entire organization understands that missing a date is not an option.

Online Project Management ensures transparency and easy access to project data including logs, photos, documents, permits, and closeout packages.

We are committed to being your trusted partner, building your vision.
